

265CFM Air Compressor Airman PDS265S

The Airman 265 CFM Compressor is Designed to the highest standards to deliver reliable air power wherever it is required. This Yanmar diesel driven compressor features a silenced canopy for quiet operation & low emission ratings. Airman compressors are constantly monitored and protected against high air discharge, high coolant temperature & low engine oil pressure offering full shutdown & protection system. These compressors are fitted with a single central lifting point and forklift pockets.
