

WIRELESS REMOTE CONTROLLED AIR CHAIN HOISTS

Jacks Winches specialised equipment hire range includes wireless remote controlled air chain hoists, an effective solution for hoisting situations where pendant controls are unsuitable. Wireless remote controlled chain hoists are available in standard (non-hazardous area) and Zone Rated* configurations. Available in various sizes and chain lengths, our remote operated air chain hoists are suitable for construction, maintenance, mining and offshore applications. For support contact a Jacks Winches team member at hire@jackswinches.com or call one of our branches in Perth, Darwin & Singapore.

Capacity	3T	6T	10T	16T	30T
Air Pressure	85 PSI				
No# of falls	1	2	2	3	2
Lift Speed (no load) m/min	10	5	3.2	2	2.3
Lift Speed (full load) m/min	5	2.5	1.6	1	1
Lower Speed (no load) m/min	20	10	10	3	3
Lower Speed (full load) m/min	10.8	5.4	5.5	2.1	2.3
Max Air Consumption	125 CFM			195 CFM	230 CFM
Weight (c/w 3m chain)	86Kg	110Kg	156Kg	240Kg	498Kg
Weight of chain Kg per metre	3.8	3.8	5.8	5.8	12.2
Dim's of chain	13 x 6		16 x 45		23.5 x 66
Noise Level	74dB – 83dB
